

VIDEO INSPECTION SYSTEM FOR DUCT CLEANING

New, compact system features a sharp LCD color monitor.

Introducing the new Duct-Pro IS6000 Video Inspection System from Abatement Technologies, the leader in portable duct cleaning products. It's designed to provide contractors with the ability to effectively inspect residential and commercial duct systems, and to accurately determine contamination levels, sources of airflow problems and necessary duct repairs. The IS6000 package includes a high resolution color camera on a 35' cable, a 5" tilting LCD color monitor, VCR adaptor and microphone. The 5" monitor is housed in a tough Pelican® waterproof case. The 35' cable is stored on a special rotating reel. This is one high-tech tool that will pay for itself quickly, helping you to close the sale and generate additional duct cleaning and repair business.
