

**FOR IMMEDIATE RELEASE**

## **Edward Negron Celebrates 25 Years of Service with Abatement Technologies®**

Suwanee, Georgia. August 2, 2010 – Abatement Technologies, Inc., (ATI) a leader in the manufacture and distribution of world class indoor air quality products, is pleased to announce that Traffic Manager Ed Negron has celebrated 25 years of exceptional service with the company effective May 28, 2010.

Ed came to work for Abatement Technologies in 1985 after moving from Miami where he was employed by Federated Department Stores in their distribution facility. Mr. Negron says, “I did not know when I joined Abatement that I was finding the place I would want to be for the next 25 years. It’s been an exciting and rewarding experience and I’m looking forward to many more years at ATI.”

Dave Shagott, president of ATI, states that, “As Abatement’s first employee, Ed has been an integral part of and a witness to the growth and development of the company. Ed has been with us from the start when we developed and introduced [negative air machines for asbestos abatement](#). He has seen our product offering expand to [HEPA-AIRE® portable power vacs for source removal air duct cleaning](#), [HEPA-AIRE portable air scrubbers for disaster restoration](#), [HEPA-CARE® air purification systems for the healthcare industry](#) and [CAP® HVAC-mounted central air purification systems for the home](#).”

### **About Abatement Technologies**

Currently in its 25th year of providing quality products, ATI has grown into a true leader in the indoor air quality industry. Its state-of-the-art manufacturing facility produces top quality, innovative products while it’s 35,000 foot distribution center ships most orders the same day.
