

FOR IMMEDIATE RELEASE

Stephanie Scott Celebrates 25 Years of Service with Abatement Technologies®.

Suwanee, GA. March 7, 2011 – Abatement Technologies, Inc. (ATI), a leader in the manufacture and distribution of world class indoor air quality products, is pleased to announce that Accounting Manager, Stephanie Scott, has celebrated 25 years of exceptional service with the company effective March 26, 2011.

Stephanie came to work for Abatement Technologies in 1986 from Carter & Associates in Atlanta where she worked as a project accountant. Ms. Scott says, “I was looking for a job closer to home because I had small children and needed more time with my family. Little did I know I was really finding another family. After all of these years, that family atmosphere still exists at Abatement.”

Dave Shagott, president of ATI, comments, “Stephanie has been with us from the beginning as our second employee. Stephanie has contributed greatly to the growth and development of the company since we designed and manufactured our first product: [Negative air machines for asbestos abatement](#). Since then, Stephanie has seen our product line expand to [CAP® Whole-House Central Air Purifiers](#), [HEPA-CARE® Portable and Ceiling-Mounted Air Purification Systems for the healthcare industry](#), [HEPA-AIRE® Portable Power Vacuums and Duct Cleaning Equipment](#), [PREDATOR® and HEPA-AIRE® Portable Air Scrubbers for facility construction and renovation](#) and a [complete line of Water, Fire & Disaster Restoration Equipment](#).”

About Abatement Technologies

Currently in its 26th year of providing quality products, ATI has grown into a true leader in the indoor air quality industry. Its state-of-the-art manufacturing facility produces top quality, innovative products while it's 40,000 foot distribution center ships most orders same day.
